THE HERD GETS THINNED OUT

DOJ TO REMOVE CZ HANDGUNS FROM ROSTER

Apparently CZ modified the production process for their metal frame handguns and they are slated for termination

in California. I have spoken with our contact at CZ and he confirmed that this is the case. We have 6 models in stock including the SP-01 and P-01. If you are on the fence about purchasing one now is the time to get it done.

ATF HALTS SHIPMENT OF BERETTA 1301 TACTICAL SHOTGUN

The ATF has found Beretta to be in violation of manufacturing guidelines for their top of the line home defense shotgun. Until things get resolved no new tactical 1301's are going to be shipped to the United States. Whatever is here can be sold but once inventory is gone it will not be replaced. We have straight stock and pistol grip models in stock in black, grey, tan and green. Get yours while you still can!

CALIFORNIA GUN LAWS - 2024 FINAL CHAPTER

This is the last update for 2024.

Duncan v Bonta - Magazine Capacity

Oral arguments were presented earlier this month in Pasadena, Ca to the Ninth Circuit.

In an interesting twist, two additional cases have been placed on hold pending the decision in the above matter. The assault weapon (AR platform) restriction and the Handgun Roster are currently waiting upon the decision regarding magazine capacity. The Bruen standard is being applied to the magazine case and it will have direct bearing on the other two cases. That said a favorable ruling on magazine capacity may translate to favorable decision on AR rifles and the handgun roster. One can only hope!

Merry Christmas and Happy New Year from the staff at SoCalGun!
