## **CALIFORNIA GUN LAWS - MAY 2025**

### **Duncan v Bonta - Magazine Capacity**

On April 14, 2025 the Ninth Circuit placed a stay on the March decision regarding magazine capacity. The stay preserves the right for individuals who purchased standard capacity magazines during freedom week (March 2019) to continue to legally use these magazines. The stay remains in place while the decision is being petitioned to the Supreme Court of the United States.

### **AB1127 - California targets Glock**

State assembly voted this month to move forward with a ban on semi-automatic pistols that can be converted to full

auto. The primary target is all Gen3 Glock pistols. We will continue to monitor and updated on the process of this bill.

### **Jaymes v Maduros** - CA Excise Tax

Currently in the Superior Court of California, San Diego. The state will object to the challenge of the bill and then begin the process of discovery to trial or summary judgement.
