

Glock Ban Pending

Sacramento moves to restrict sales of the #1 gun in the world

CALIFORNIA GUN LAWS OCTOBER UPDATE

Glock ban on Governor's Desk

On September 14, 2025 the state assembly approved AB 1127 which will ban the sale of Glock handguns in the State of California. Governor Newsom has a 30 day window to approve or veto the measure. If he chooses to do nothing the law will take effect after 30 days with implementation beginning July 1, 2026.

Supreme Court to decide this month!

A request was submitted in August asking the Supreme Court to review magazine capacity limits in the State of California. A decision on whether to hear the case should be made this month!
